Objective of the Committee	:	Attendance is a key attribute of any successful club. Falling attendance rate often indicates a larger problem, an adverse trend should be identified and addressed as quickly as possible. With this objective in mind the district committee can guide clubs with poor attendance to take corrective measures. Once you understand why members do not attend meetings regularly corrective action can be taken to improve attendance. Good programs & good projects can help clubs in improving attendance. The Committee will compile a book giving names & details of good speakers. Encourage Rotarians in various clubs to attend various district events like District Conference, I.C.F., Seminars etc.  Encourage Rotarians to Make Up attendance through E clubs.
What Clubs should do	:	Form a Attendance Committee in the club. Send regularly their actual attendance figures to the District Secretary / District publications for the attendance to be published in G.M.L. This will help all clubs to compare their attendance with other clubs.  Clubs officers can then discuss the problem of falling attendance with the district chair concerned who will help the club to try & find out the reasons for fall in attendance & suggest proactive measures that can help the club in improving attendance.
