Objective of the Committee	:	There is perennial scarcity of blood requirements for accident victims. major surgical patients, Thalesemia patients and the awareness for donation is minuscule. 1) Awareness campaign 2) Blood donation drive
What Clubs should do	:	Involvement of Govt/Municipal /Charitable hospitals only please. Blood banks associated with govt / mun hospitals have full infrastructure which they provide at the site of camp, including cots, transfusion sets, snacks etc. Clubs have to just advertise, bring volunteers, mobilise & motivate people to donate blood. Ideal venues-Railway platform, Bus station, colleges, RTO, pvt sector offices, Malls, clinics, hospitals where there is maximum footfalls.
