District Chair	:	Harish Shah
Objective of the Committee	:	The chair should collect the data of clubs available round the world who are interested in being a partner club in a matching grant project [Now in pilot project for future Vision we have list of 100 districts who we can partner with] .He must find out the type of projects these clubs would be interested in as some clubs have a distinct criteria for matching grants, like some are interested only in water conservation and safe drinking water, some in health and education of children ,and some for only women. This information should be disseminated to all the clubs in the district.
What Clubs should do	:	The clubs who desire to do a matching grant project can directly or through the chair who will send well drafted proposals of their projects giving details of the project, the number of beneficiaries, the total cost of the project and their requirement from the partner club to these club and try to establish contact with them. Regular correspondence with a few clubs will definitely result in a promising partnership.
List of Clubs having such projects	:	RC Bombay North, RC Mumbai Ghatkopar, RC Bombay Midtown, RC Bombay Bandra, RC Thane West, RC Bombay West, RC Bombay Seaface, RC Mumbai South, RC Borivli, RC Deonar, RC Thane North.
