Objective of the Committee	:	Fitting of Jaipur foot (Artificial limb) to persons with loss of lower leg
What Clubs should do	:	<ol style="list-style-type: none"> <li>1. Identify Doctors, specially Orthopedic Surgeons in your club, who can coordinate with this project (even motivated persons are also fine)</li> <li>2. Set the Target of min 30-50 Jaipur foot each year, as it wears off after few years</li> <li>3. Examination camp—first you have to take proper measurement of circumference, length, depth of the end of the limb.</li> <li>4. Find resourceful people like Govt hospitals, NGO's Who have facilities for this (our directory prints this info)</li> <li>5. Advt by hand bills, insertions in news papers, cable TV and other means about place, timings etc-GIVE WIDE PUBLICITY</li> <li>6. This need not be in your area, it can be right front adjoining places, cities, districts etc.</li> <li>7. Call them for fitting after say 15 days(that much time is needed for preparation of limb-pl ask the manufacturer well in adv)-Fitting project</li> </ol>
