Objective of the Committee	:	Every sport activity nurtures team spirit and inculcates competitive attitude, very vital for survival in today's life style. It also builds up good fellowship among participants and the cheering crowd of supporters. It is a great treatment for relieving stress as well. Committee will continue to organize tournaments for members & their families. Cricket tournaments are regular feature every year. This year committee will try to include a spouse & children of members or Rotractors in the team & will try to organize night cricket. Apart from cricket, the committee will also try to organize tournaments in Golf & in other sports like Tennis etc.
What Clubs should do	:	Clubs should encourage their members to actively participate in various Sport events. There are clubs who are very active but there are many clubs who do not participate at all. If they cannot field the team on their own, they can join hands with other clubs & field joint teams or help in organizing & participating in sports where individual members can take part like Golf, Chess, Tennis etc.
List of Clubs having such projects	:	Many clubs of the district participate in district sponsored programs. Many clubs also host tournaments.
